

# Mac Washing Machine Secure X9

Mac Cleaner and Internet security

Intego Mac Washing Machine Secure X9 is a software bundle that includes a powerful Mac cleaner in addition to VirusBarrier X9 and NetBarrier X9, our award-winning Mac anti-virus and firewall software. It is the perfect combination of protection, security, and Mac cleaning utilities to keep your digital life clean, organized, and secure. Use Mac Washing Machine Secure X9 to optimize and organize your Mac, and keep your digital world protected from malware and network threats.

## Mac Washing Machine Optimizes Your Mac

Intego Mac Washing Machine X9 speeds up your Mac and reclaims disk space on your startup drive. It seeks out and removes duplicates and other unneeded files, frees up hard disk space to speed up the operating system, organizes the Dock and Desktop, and lets you create Smart Folders for quick access to frequently used files.

## Intego VirusBarrier X9 Protects You from Malware Threats

Intego VirusBarrier X9 provides real-time protection against the growing number of sophisticated malware, adware and other security threats targeting Macs, and automatically scans files whenever they're accessed to keep your Mac free of malware. It detects all types of known Mac malware, including viruses, Trojan horses, worms, and more.

## Intego NetBarrier X9 Safeguards Your Mac from Network Attacks

Intego NetBarrier X9 is a two-way Mac firewall that provides anti-spyware measures to protect outgoing data sent from your Mac. It also actively monitors applications using your network and keeps you informed when a new connection is opened—letting you block or allow attempts to access your Mac. Our two-way Mac firewall provides automatic protection as you move from one location to the next, so whether you're at home, work, or on the go, you'll be safeguarded against strangers and suspicious applications.

"Washing Machine's performance is amazing. It found a lot more than other Mac cleaners [...] it did fantastic, better than others by far!"

– The High Tech Society

"If you're in the market for a fast-working antivirus program, VirusBarrier ... is the gold standard. It will protect your Mac without making your other work grind to a halt."

– MacWorld

"The brilliant part of NetBarrier is that it lets you set up different profiles based on the network you're interacting with. What's blocked are external computers trying to access your computer."

– AppleTell

## What's Included in Intego Mac Washing Machine Secure X9?

- ▶ **Mac Washing Machine X9:** Mac cleaner software to optimize, organize and speed up your Mac
- ▶ **VirusBarrier X9:** Award-winning Mac anti-virus software fights Mac and Windows malware that threaten your security
- ▶ **NetBarrier X9:** Intelligent two-way firewall for home and hotspot network protection

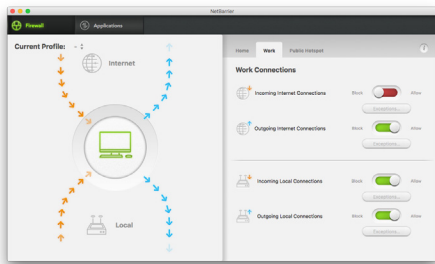

### Reclaim Space: Lose that Unwanted File Baggage

There are lots of files on your computer that you simply don't need: caches no longer in use, language files for languages you don't even speak, and many more. Use Washing Machine X9 to hunt down these files so your computer can run faster and more efficiently.

### Get Rid of Duplicates: Lose those Redundant Files

Chances are, you have a lot of redundant files on your computer—not backups, but duplicates you don't even know about (and certainly don't need). Mac Washing Machine identifies these useless hangers-on and lets you get rid of them in a click. Making more space for things that matter.

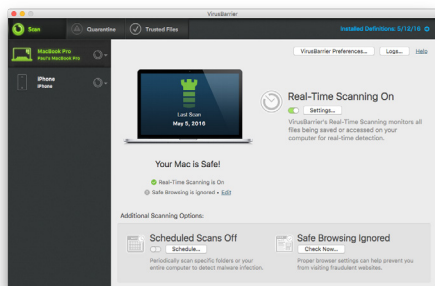

### Get Organized: Whip your Desktop, Dock & Files into Shape

Clutter is the enemy of efficiency. Mac Washing Machine X9 can automatically organize your heap of desktop files into the right folders. It also shows you which apps you use most often and allows you to drag and drop them to and from your Dock with ease.

### Automatic Scans and Around-the-Clock Protection

Intego VirusBarrier X9 scans files whenever they're accessed and automatically checks for the latest updates to make sure you're protected against the newest Mac threats as well as any Windows threats.

### Provides Automatic Protection While You're On the Go

Intego VirusBarrier X9 scans files whenever they're accessed and automatically checks for the latest updates to make sure you're protected against the newest Mac threats as well as any Windows threats.
